2 v.
Luz Maria CAZAREZ

3 STATEMENT OF FACTS

4 This Statement of Facts is based on the reports, documents,
5 and notes furnished to the Drug Enforcement Administration Task
6 Force Officer Cynthia M. Barajas.

7 On June 1, 2008, at approximately 1:20 PM, United States
8 Border Patrol Agent (USBPA) S. Sedano and K-9 was performing his
9 official duties at the Highway 111 checkpoint located near Niland,
10 California.

11 USBP Agent Sedano and Canine were working the pre-primary area
12 of the checkpoint when a 2001 white colored Mitsubishi Galant,
13 California license number 6CVV758, driven by Luz Maria CASAREZ
14 approached the checkpoint. Vehicle registration indicated CAZARES
15 is the registered owner of the Mitsubishi Galant as of March 14,
16 2008. Canine alerted to the trunk of the Galant. Agent Sedano
17 notified Agent P. Arredondo, who was conducting an immigration
18 interview with CASAREZ, to place the vehicle into the secondary
19 inspection area.
20

21 At secondary inspection area CASAREZ was approached by Agent
22 G. Morales and identified himself as a United States Border Patrol
23 Agent and asked CASAREZ to exit the vehicle. CASAREZ gave consent
24 to Agent Sedano for K-9 to conduct a Canine sniff.
25

26 Agent Sedano along with K-9 performed an exterior Canine sniff
27 of the vehicle. While conducting the exterior Canine sniff, Canine
28 once again alerted to the trunk of the vehicle. Upon opening the

trunk, Canine immediately jumped inside and alerted and indicated
1 to the right rear quarter panel of the trunk. Upon further
2 inspection of the right rear quarter panel, several small tightly
3 wrapped cellophane bundles were discovered. The remainder of the
4 vehicle was searched and revealed more bundles located in a floor
5 board compartment, behind the rear seat, and also in a spare tire.
6 A total of 44 small tightly wrapped cellophane bundles were
7 discovered inside the Galant. The 44 bundles weighed a total of
8 155.1 pounds and contained a green leafy substance.
9

10 Agent Sedano randomly selected two of the 44 bundles and
11 tested the green leafy substance using a NIK-field testing kit. The
12 substance tested positive for marijuana.
